7th September 2021

Dear Parent / Guardian,

Annual Prospective Parents' Evening – Thursday 23rd September at 6.00pm

Chilwell School would like to invite you to our Annual Prospective Parents' Evening on Thursday, 23rd September between 6.00pm and 7.00pm. This will be an online event.

This evening is for the parents of year six and year five pupils. If your child is in year four you are also welcome to join us. There will be formal presentations led by the head teacher, and time to find out more about what Chilwell school can offer, and the opportunities we can provide your child.

Chilwell school has become one of the success stories of the area, with our response to present day challenges being recognised at a national level. We are really pleased to continue to lead educational developments and share with you our provision and the views of our current parents and students.

"What an amazing team you are."

"We have really appreciated the clear communication, guidance and support."

In order to reserve your place at this event, please visit our website to book a free ticket through Eventbrite. This will give you access to the [online event](#) on 23rd September.

We will also be offering bookable tours of the school. Further information on these will be available at the open evening.

Our website is full of information about the school, please visit the news section for information about how we have provided a safe and secure learning environment for our children and staff. Also, please take the opportunity to look at the [transition pages](#) (in the parents section) to see how we have supported children in their transition from primary to secondary school.

We always welcome contact with parents to discuss the needs of their children, questions about provision, and enquiries about progress. In the first instance please email the school office and we will put you in contact with the most appropriate person to help you. Unfortunately, in the current health situation we are unable to facilitate drop-in visitors to the school, however we will endeavour to make you an appointment to see the most appropriate member of staff should the need arise.

Your child's future is so important. Join us to make it the best.

Yours,

Mr David Phillips
Headteacher
